How do I qualify?

You must have a water meter. If you don't, just tick the relevant box on page 1. We'll send you all the details about having a meter. The WaterSure tariff applies to metered domestic properties only.

You, or someone living at your address, must receive certain benefits or tax credits. There's a list of qualifying benefits on page 3. Please tick the benefits being received, and don't forget to add the name of the person who gets the benefits.

You need to send evidence of the benefits/tax credits.

You can send a photocopy, but your evidence must be for this tax year - see notes on page 3.

In addition, one of the following must apply:

1. There are three or more children under 19 living permanently at your address, for whom Child Benefit is received. Again, don't forget the supporting evidence. (see page 4)
2. You, or someone else living within the household, has a health condition that means a lot of extra water is used. We'll need to see supporting evidence. (see page 5)

I think I qualify. What do I do now?

Complete the application and send it back to us in the envelope provided. Don't forget to sign and date the form. We'll give you a decision within ten working days. If you qualify, the new WaterSure tariff will be applied to your account from the date of your last meter read. If you don't qualify, we'll tell you why.

How will I be billed?

You'll be billed every six months. If you pay by Direct Debit, your payments may need to be adjusted when you move to the new tariff. You'll still have to pay any outstanding bill up to the date of the switch to the WaterSure tariff.
