

How we handle customer complaints – code of practice

Complaints and Compliments

We aim to provide you with the best possible service by treating you courteously, fairly, efficiently and making contact with us as easy as possible. However, sometimes problems do occur, and when they do, we want to know so that we can put them right.

In this leaflet we explain what to do if you have any comments or suggestions to make or a compliment or complaint about our service.

A list of other codes can be found at the back of this leaflet. You can download them from our website, www.bournemouthwater.co.uk, or call us for a free copy.

Bournemouth Water supplies your drinking water, so if you have a question regarding drainage or sewerage you'll need to contact your sewerage provider.

Who should I contact if I have a complaint?

If you have a complaint, please contact us as soon as possible so we can try to put things right. The quickest way to get in touch is over the phone, online via our web chat service, or our Facebook and Twitter accounts as we may be able to resolve the issue immediately.

If your complaint is about your bill, account or your water supply please call our Customer Service on 01202 590059. We're open 8am to 6pm, Monday to Friday; and 9am to 2pm on Saturdays (we're closed on Sundays and bank holidays).

You can also write to us or contact us via our website. Our contact details are on the last page of this leaflet.

If you want to complain in writing but cannot do so please let us know. We'll make arrangements either to call you or to visit you to take the details. If you need our help to register a complaint, please contact us on the available channels listed above.

How do you register and monitor complaints?

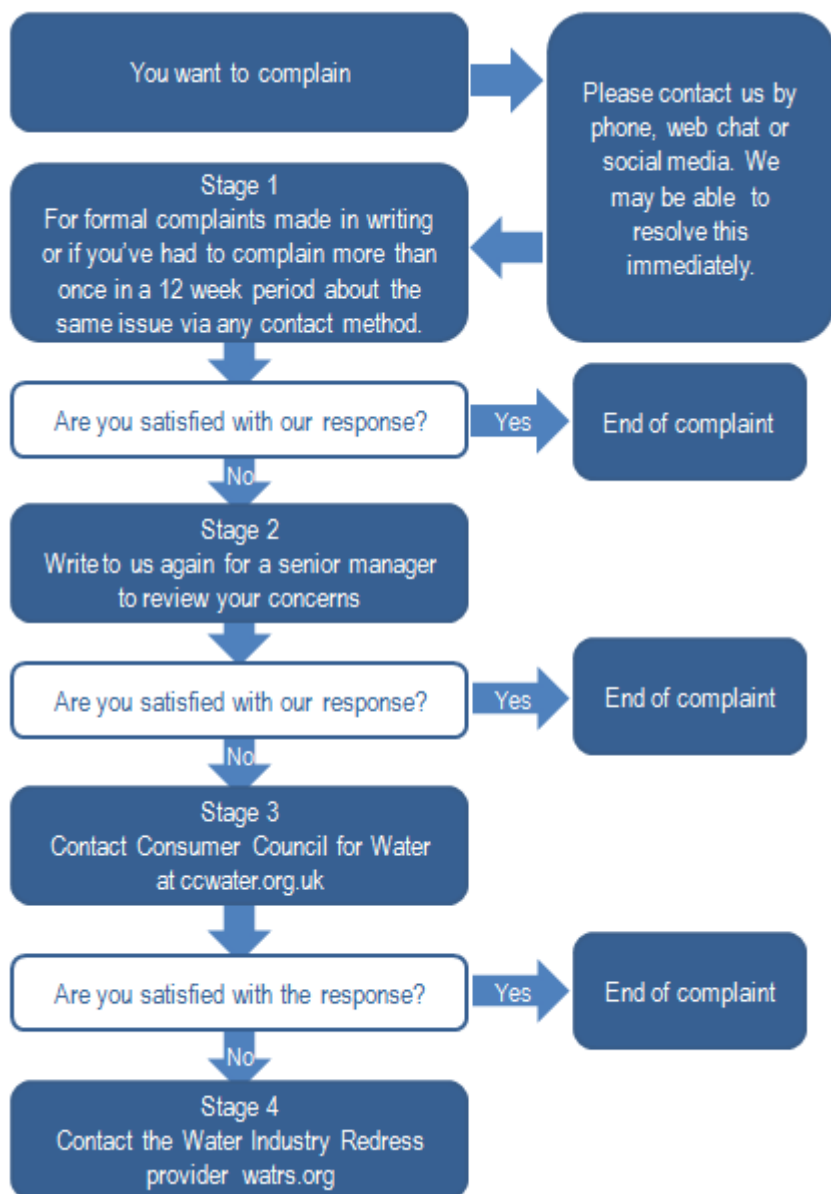

All written complaints will be registered upon receipt.

Telephone complaints and complaints made in person will normally be registered on our customer contact system as they are received. However, in an emergency situation it may be necessary to register the complaint at a later stage.

Anonymous complaints will not be registered by us for reporting purposes, but will be considered carefully and action taken where necessary.

To help us improve our services, complaints and our performance in handling them are monitored closely by senior managers and we report on our performance annually. We regularly audit the way in which complaints are handled and an independent audit is also undertaken by the Consumer Council for Water (CCW).

Complaints process

What is the Bournemouth Water complaints procedure?

If you have a complaint about your bill or our water services, our specially trained customer service staff will deal with it in the first instance. Staff who deal with complaints have regular training in complaint-handling and our procedures and policies.

If you're not happy with our initial response, and you're not providing additional or new information we need to consider in resolving your complaint, you can contact us again and we'll ensure a senior manager reviews your concerns and our response.

How will you investigate and respond to my complaint?

If you contact us by telephone, web chat, social media or in person, we'll try to resolve your complaint immediately.

We'll ensure that our responses are clear, concise, free from jargon and include an explanation of all the concerns you raise. In the case of complex complaints requiring discussions and negotiations with other parties we'll keep you informed of developments at agreed intervals.

If you contact us to complain in writing, by letter, email or fax, we'll aim to reply within 5 working days of receiving your complaint, however some complex complaints may take longer to resolve. If we don't reply within 10 working days, we'll make an automatic payment to you under our [Customer charter – code of practice for household customers](#).

If your complaint is about your bill or account, we won't take any recovery action while we investigate your complaint.

Sometimes it can take a little longer to resolve a complaint, so if we haven't been able to sort things out within eight weeks or we can't agree a way forward with you, we will let you know that you have a right to pass your contact to [CCW](#).

How will you put things right?

- We will make contact with you where necessary to discuss your concerns.
- We will investigate your complaint and where it is in our power to do so, put right the cause of the complaint as quickly as possible.
- We will say sorry if we have made a mistake.
- We will tell you what action has been taken to overcome the problem or what action will be taken and when.
- Where it's not possible to remedy the problem immediately we'll take action to reduce the effect the problem has and keep you informed of action to eliminate the problem in the longer term.
- If we're unable to meet your requirements or expectations, we'll explain why.
- If we're not responsible for the cause of the complaint, we'll point you in the right direction and provide a name and telephone number for further enquiries where appropriate.

Will I be compensated?

If we fail to provide you with a service which we guarantee in our Customer Charter we'll make a payment in accordance with the charter. If a complaint involves a matter not covered by our Customer Charter, we'll consider a goodwill payment taking into account the cause of the problem and loss suffered. In some cases, especially if loss or damage is claimed, we may ask you to provide us with full details, together with receipts for any expense incurred.

Can my complaint be independently reviewed?

In the unlikely event that we're not able to resolve a complaint to your full satisfaction and you remain unhappy with the decision made by the senior manager, you can refer your concerns to CCW which will investigate independently. CCW is an independent statutory body which protects customers' interests and investigates complaints.
